## MWC & MONEY 2019-2022

Thank you! Your contributions make a difference, whether they come from member churches, congregations, agencies or individuals all over the world. Giving from member churches has remained relatively stable during the last triennium, while giving from individuals and congregations has increased

significantly. Other Income includes registration fees for the 2022 Assembly. Giving to MWC restricted funds such as the Global Church Sharing Fund and the Delegate Resourcing Fund as well as various Networks are included in the overall revenues and expenditures for MWC.

MWC uses a fair share approach for membership contributions. This means member and associate member churches contribute to MWC's operating budget in relation to their size and the relative wealth of their country.

\*Note: above numbers include projections for 2022 and are in USD. Annual audited financial statements will be provided upon request.
